

# SASKPOWER TRANSMISSION FACILITY MODIFICATION PROCESS

The following information outlines the steps a customer needs to follow to change the route of a SaskPower transmission asset.

## Stage 1: Transmission Facility Modification Application (\*7 Days)

### Modification Customer will:

- Submit Transmission Facility Modification Request Application Form (including attachments)

### SaskPower will:

- Acknowledge receipt of Modification Request

## Stage 2: Transmission Facility Modification Scope (\*15 Days)

### Modification Customer will:

- Reconcile application deficiencies as soon as possible
- Attend application review meeting

### SaskPower will:

- Advise Modification Customer of application deficiencies
- Facilitate application review meeting with Modification Customer

## Stage 3: Transmission Facility Modification Assessment (\*120 Days)

### Modification Customer will:

- Review Customer Facility Modification Assessment Report and attend review meeting
- Decide to proceed to Project Definition Phase or Cost Recovery Agreement

### SaskPower will:

- Provide Modification Customer with Customer Facility Modification Assessment Report
- Facilitate Final Report review meeting

## Stage 4: Transmission Facility Modification Definition Summary

### Modification Customer will:

- Sign and return Definition Phase Agreement
- Pay Definition Phase invoice
- Review Definition Phase Summary Report
- Decide to proceed to Cost Recovery Agreement

### SaskPower will:

- Draft Definition Phase Agreement
- Execute Definition Phase Agreement
- Invoice Modification Customer Definition Phase costs based on Modification Assessment
- Complete Definition Phase Summary Report

## Stage 5: Transmission Facility Modification Cost Recovery Agreement

### Modification Customer will:

- Sign and return Cost Recovery Agreement
- Pay Cost Recovery Agreement invoices

### SaskPower will:

- Draft Cost Recovery Agreement
- Execute Cost Recovery Agreement
- Invoice Modification Customer Cost Recovery Agreement costs

## Stage 6: Transmission Facility Modification Construction Phase Agreement

### Modification Customer will:

- Complete tasks as set out in Cost Recovery Agreement
- Pay final invoices

### SaskPower will:

- Construction activities to connect Modification Customer
- Invoice Modification Customer final costs upon construction completion
